

- The US Federal Government's Bulletproof Vest Partnership -

The Vest Man now sells the best IIIA body armor made and both the body armor and our products qualify for grants through the US Government's BVP Program. This means you can purchase both your body armor and your External Vest Carriers through The Vest Man and receive an average of a 50% discount on your entire purchase! For example, for \$1,075 you can buy our package deal that will include:

- *Level IIIA body armor
- *One soft trauma plate
- *One internal vest carrier
- *One External Vest Carrier made custom by The Vest Man

The Federal Government will then reimburse you (on average 50% for most departments) so your total cost per officer is less than \$550.00 !!
